

Year 9 Spanish Revision Guide

The Spanish exam will test all 4 skills – listening, speaking, reading and writing – you will need to practise and to learn for all of these.

Listening exam. Date: _____

Speaking exam. Date: _____

Reading exam. Date: _____

Writing exam. Date: _____

The reading and listening exams will be very similar to the end of unit assessments you have had in class already.

For the speaking and writing exams, you will be given the task to prepare in advance and then carry out the task during the exam time.

You will need to revise all the work covered this year – using your exercise books, textbooks and workbooks:

Module 1 ¡Vamos!

Module 2 En el instituto

Module 3 Mi familia

Module 4 En casa

Module 5 El tiempo libre

Module 6 En la ciudad

Also work we have covered from Mira Express 2 (this will be in your exercise books).

- Your textbook and workbook both have vocabulary sections at the end of each module. There is also a useful **Resumen** section at the end of each module in the textbook.
- Use your white workbook to practise - do any exercises which you have not done already.
- Use websites like **vocab express**, **languages online**, **estrellas** to practise vocabulary.
- Look at the end sections for each Module: **Prepárate**, **¡Extra!** and **Gramática**. Read/do any exercises we have not done already.
